

PUBLIC SALE MINTING FAQ

What is the price of the skull pass?

Each Skull Pass will be sold at 0.1 ETH

When does the Public Sale begin?

The public sale begins at 11 am PDT, 3/8

Which wallets work to mint?

You must use Metamask or Coinbase to mint. No other wallets work.

How many Skull passes can I mint?

One wallet can only mint ONE time during the private or public sale. That means if you purchased during the private sale you will need to create a new wallet. During the public sale one wallet can mint up to 10 skull passes. If you would like to make additional purchases, you will need to create a new wallet in Metamask or Coinbase.

Why did you structure the mint process like this?

Our core game loop is tournaments. We want the ability for our community to purchase multiple passes and hold multiple fighters, while offering the opportunity of keeping as many distributed wallets as possible. In addition, we want to hear as many voices as possible when creating Taunt Battleworld. Feedback is very important to us.

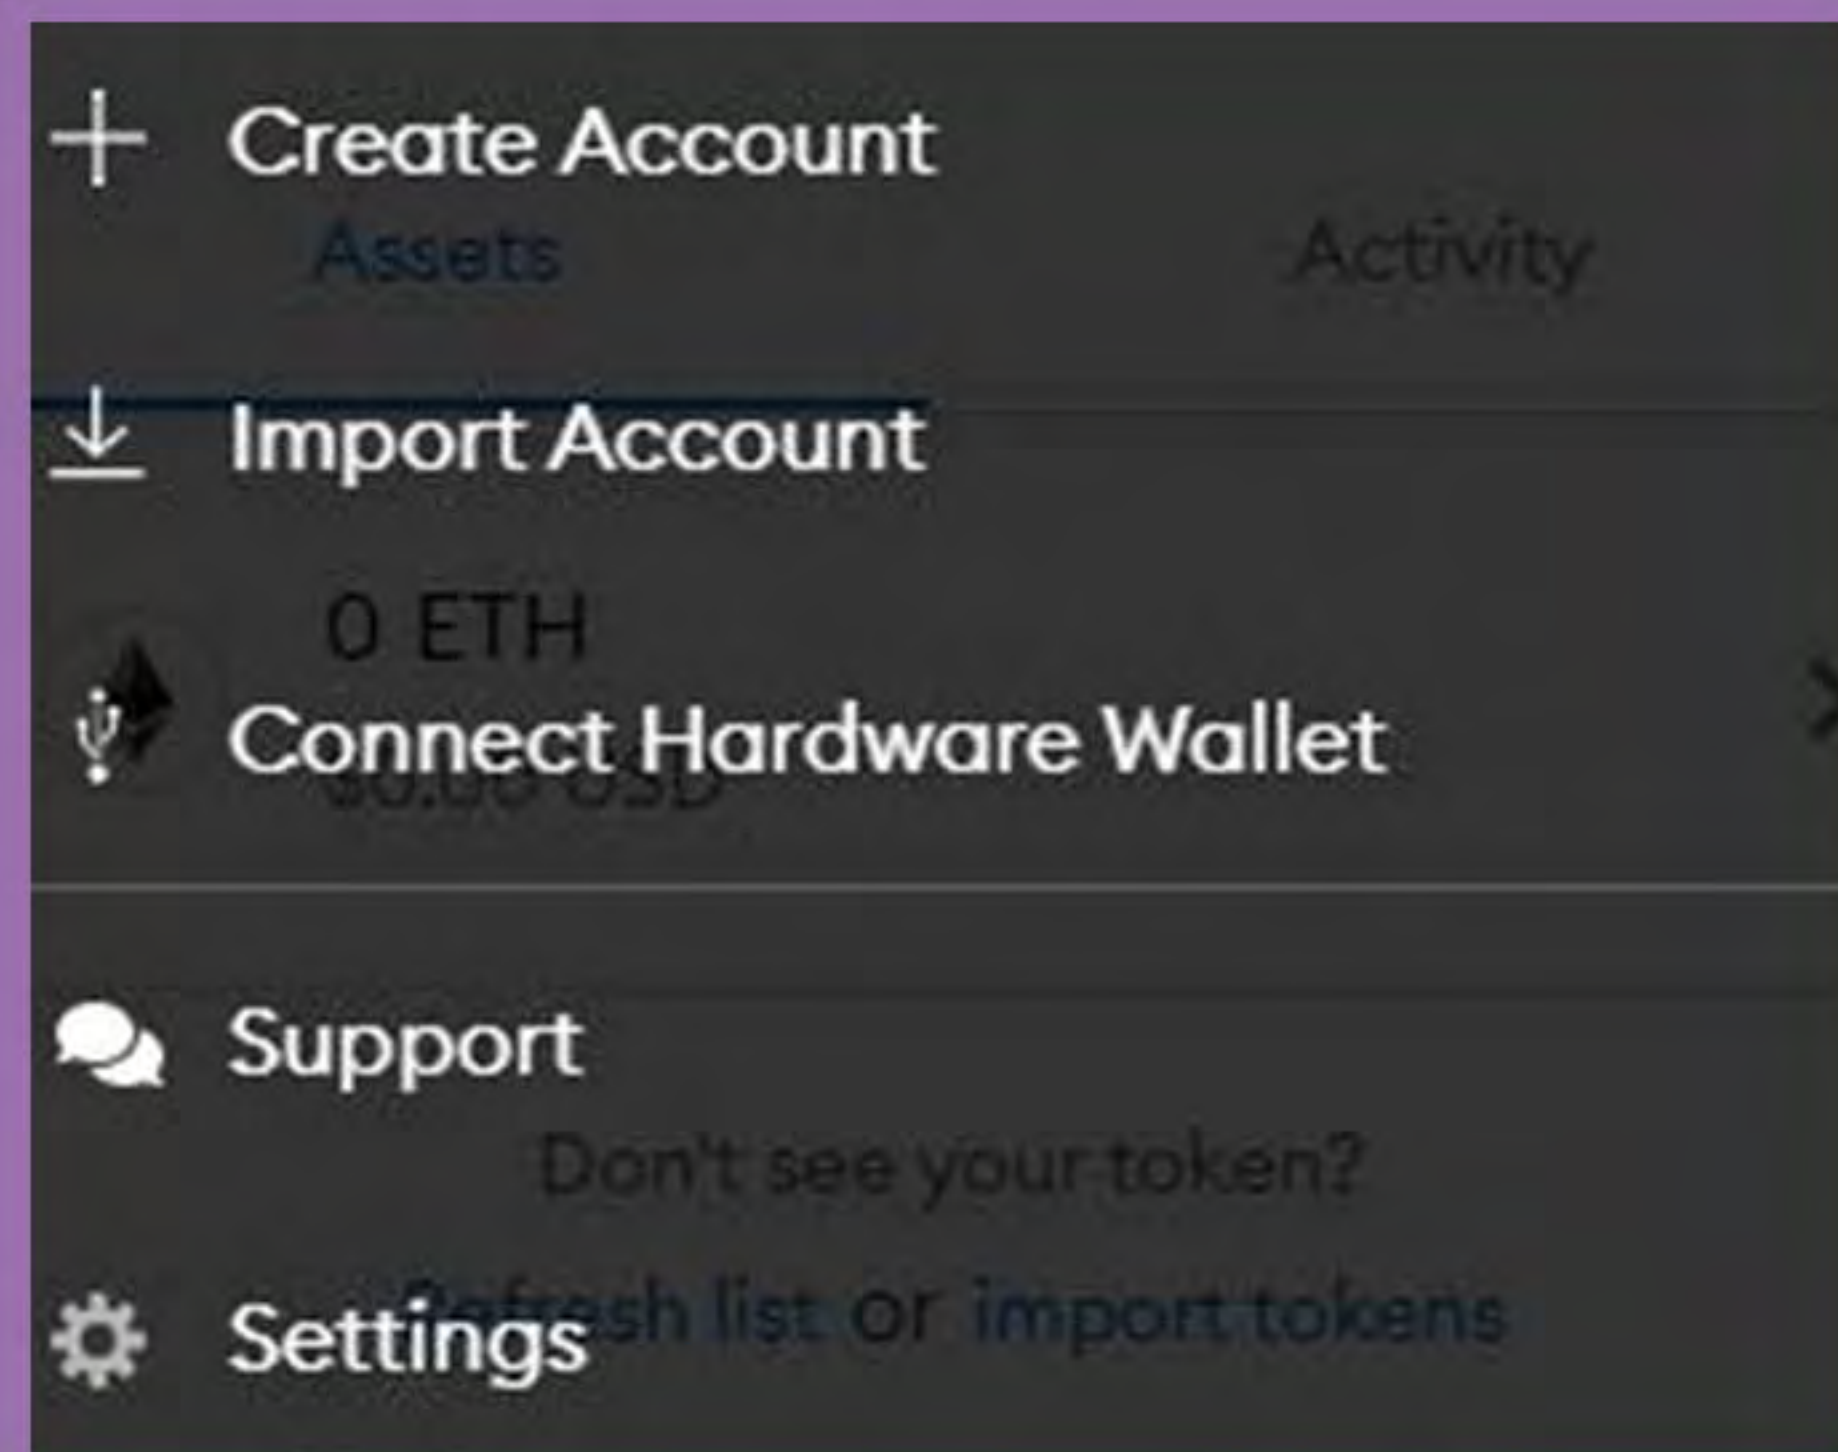

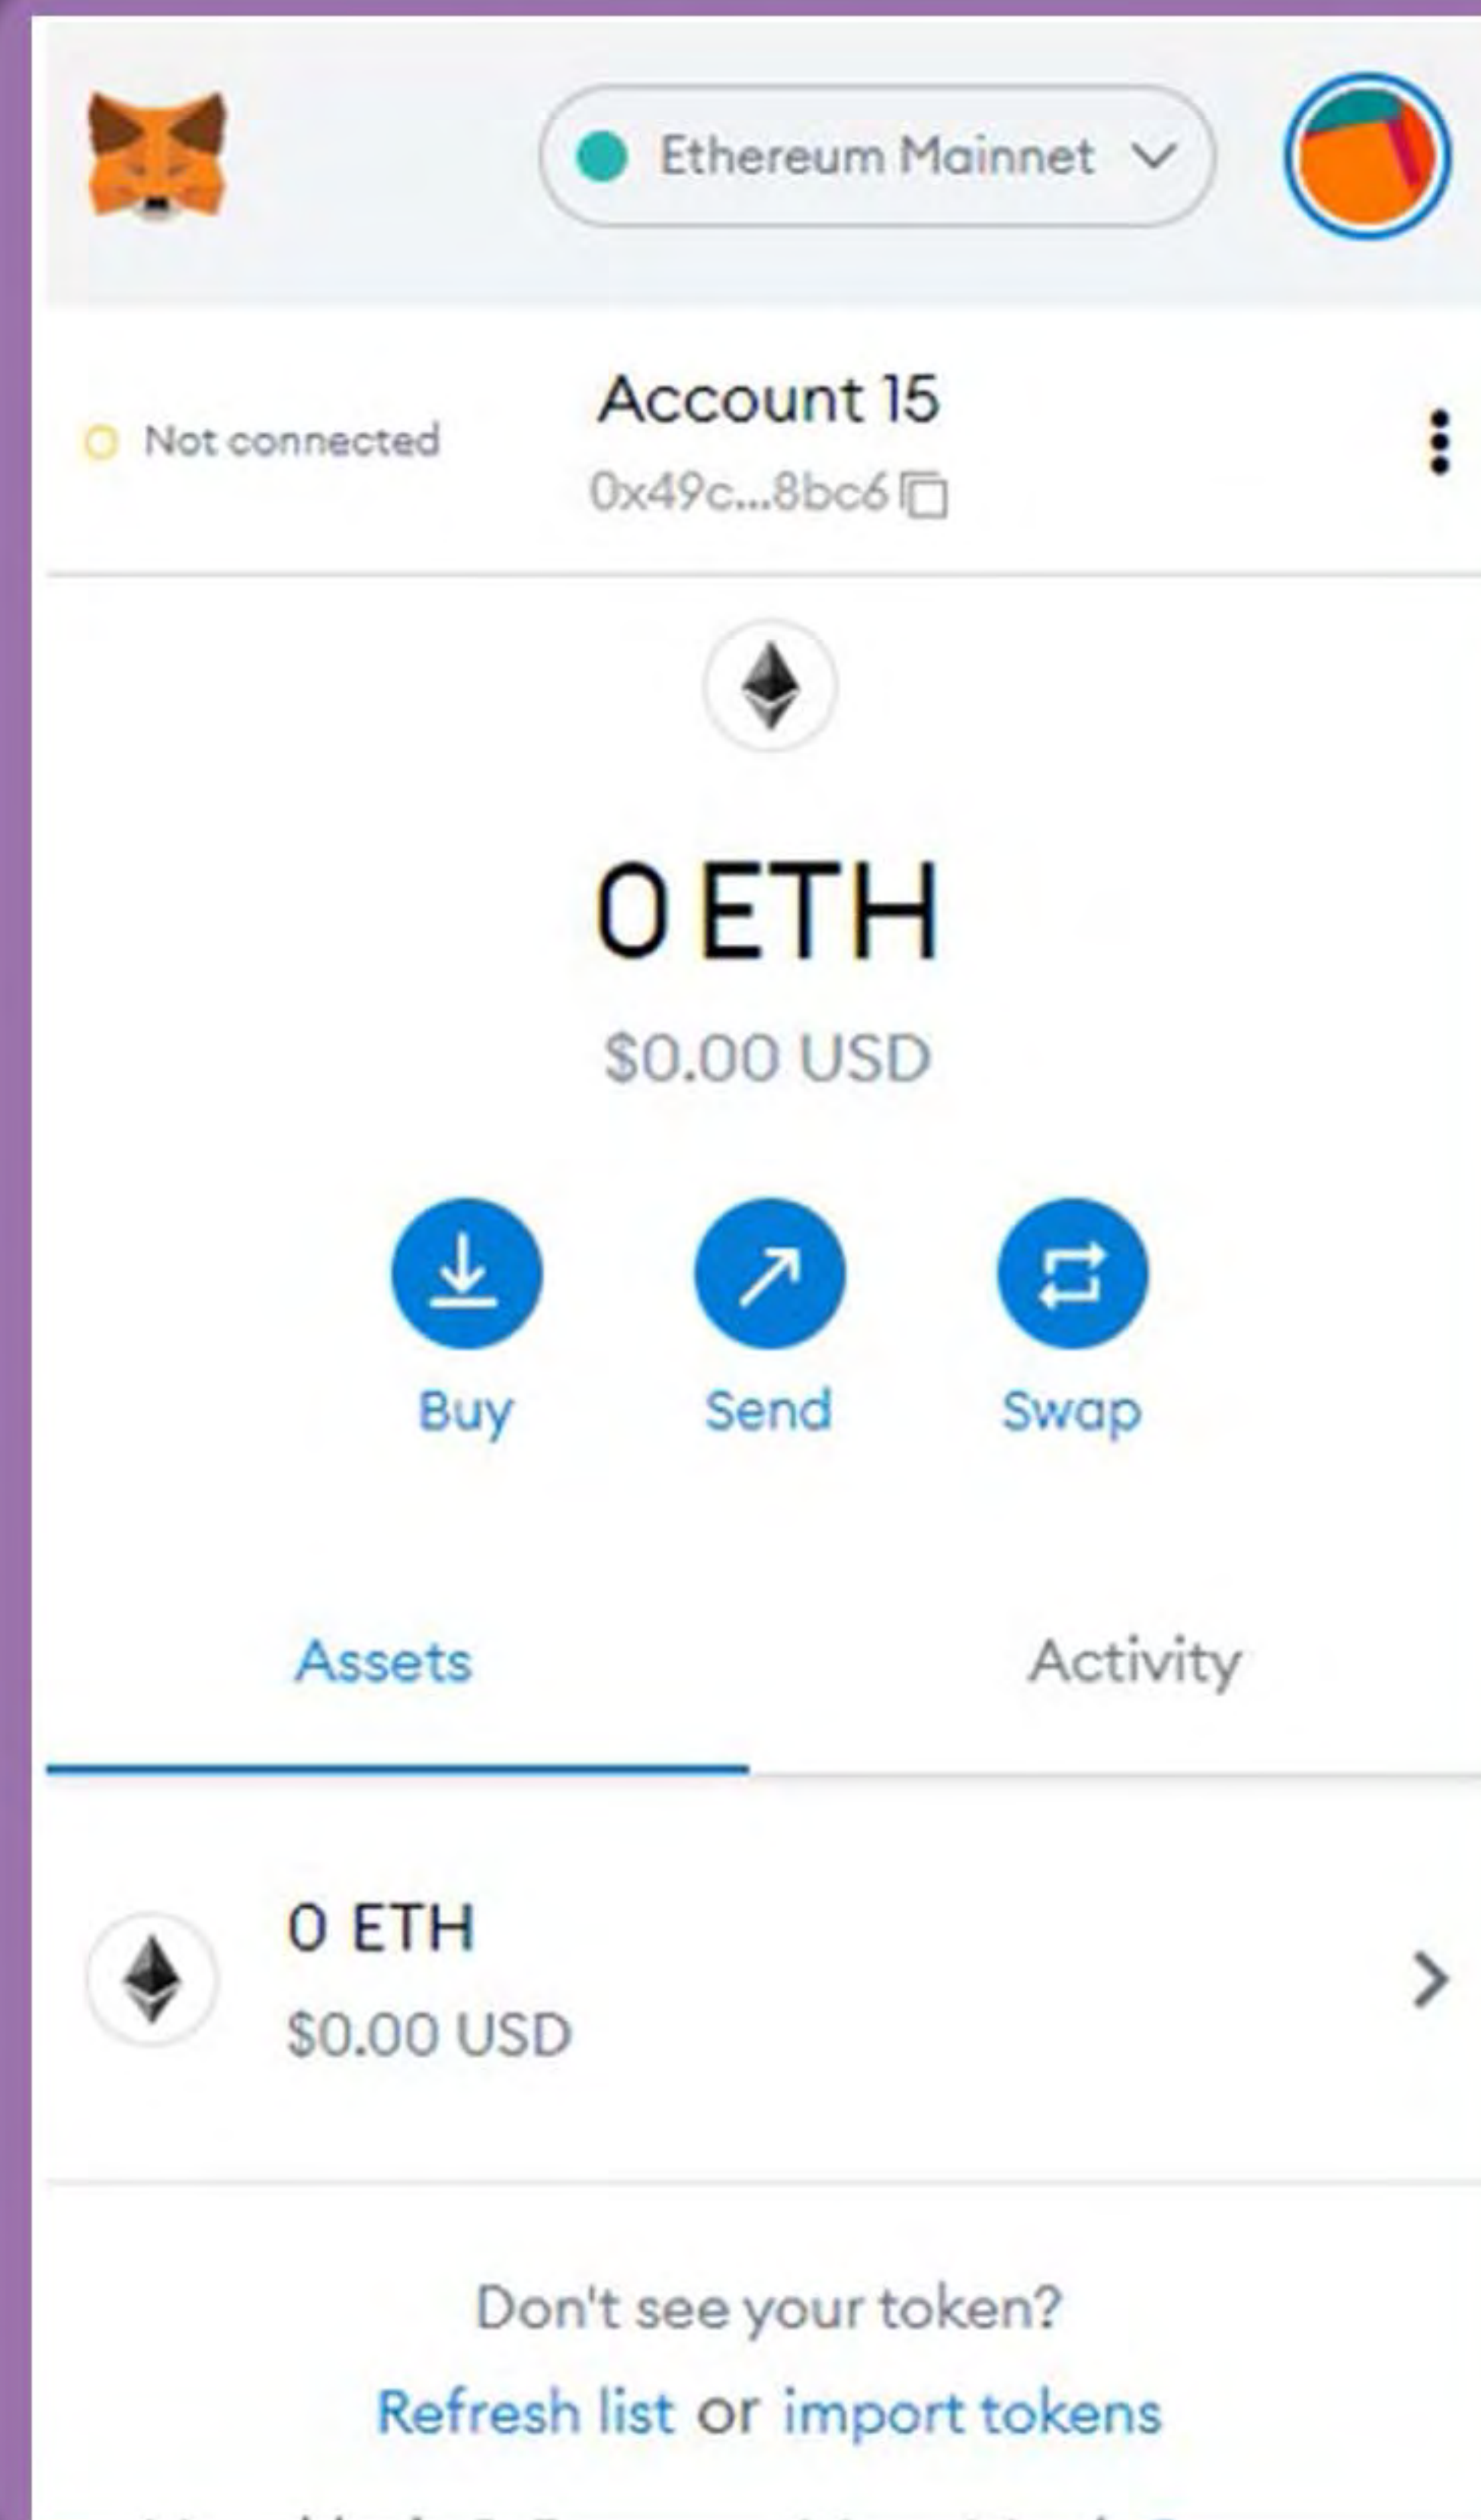

How do I create more wallets in Metamask?

Click the circle to open account options

PUBLIC SALE MINTING FAQ

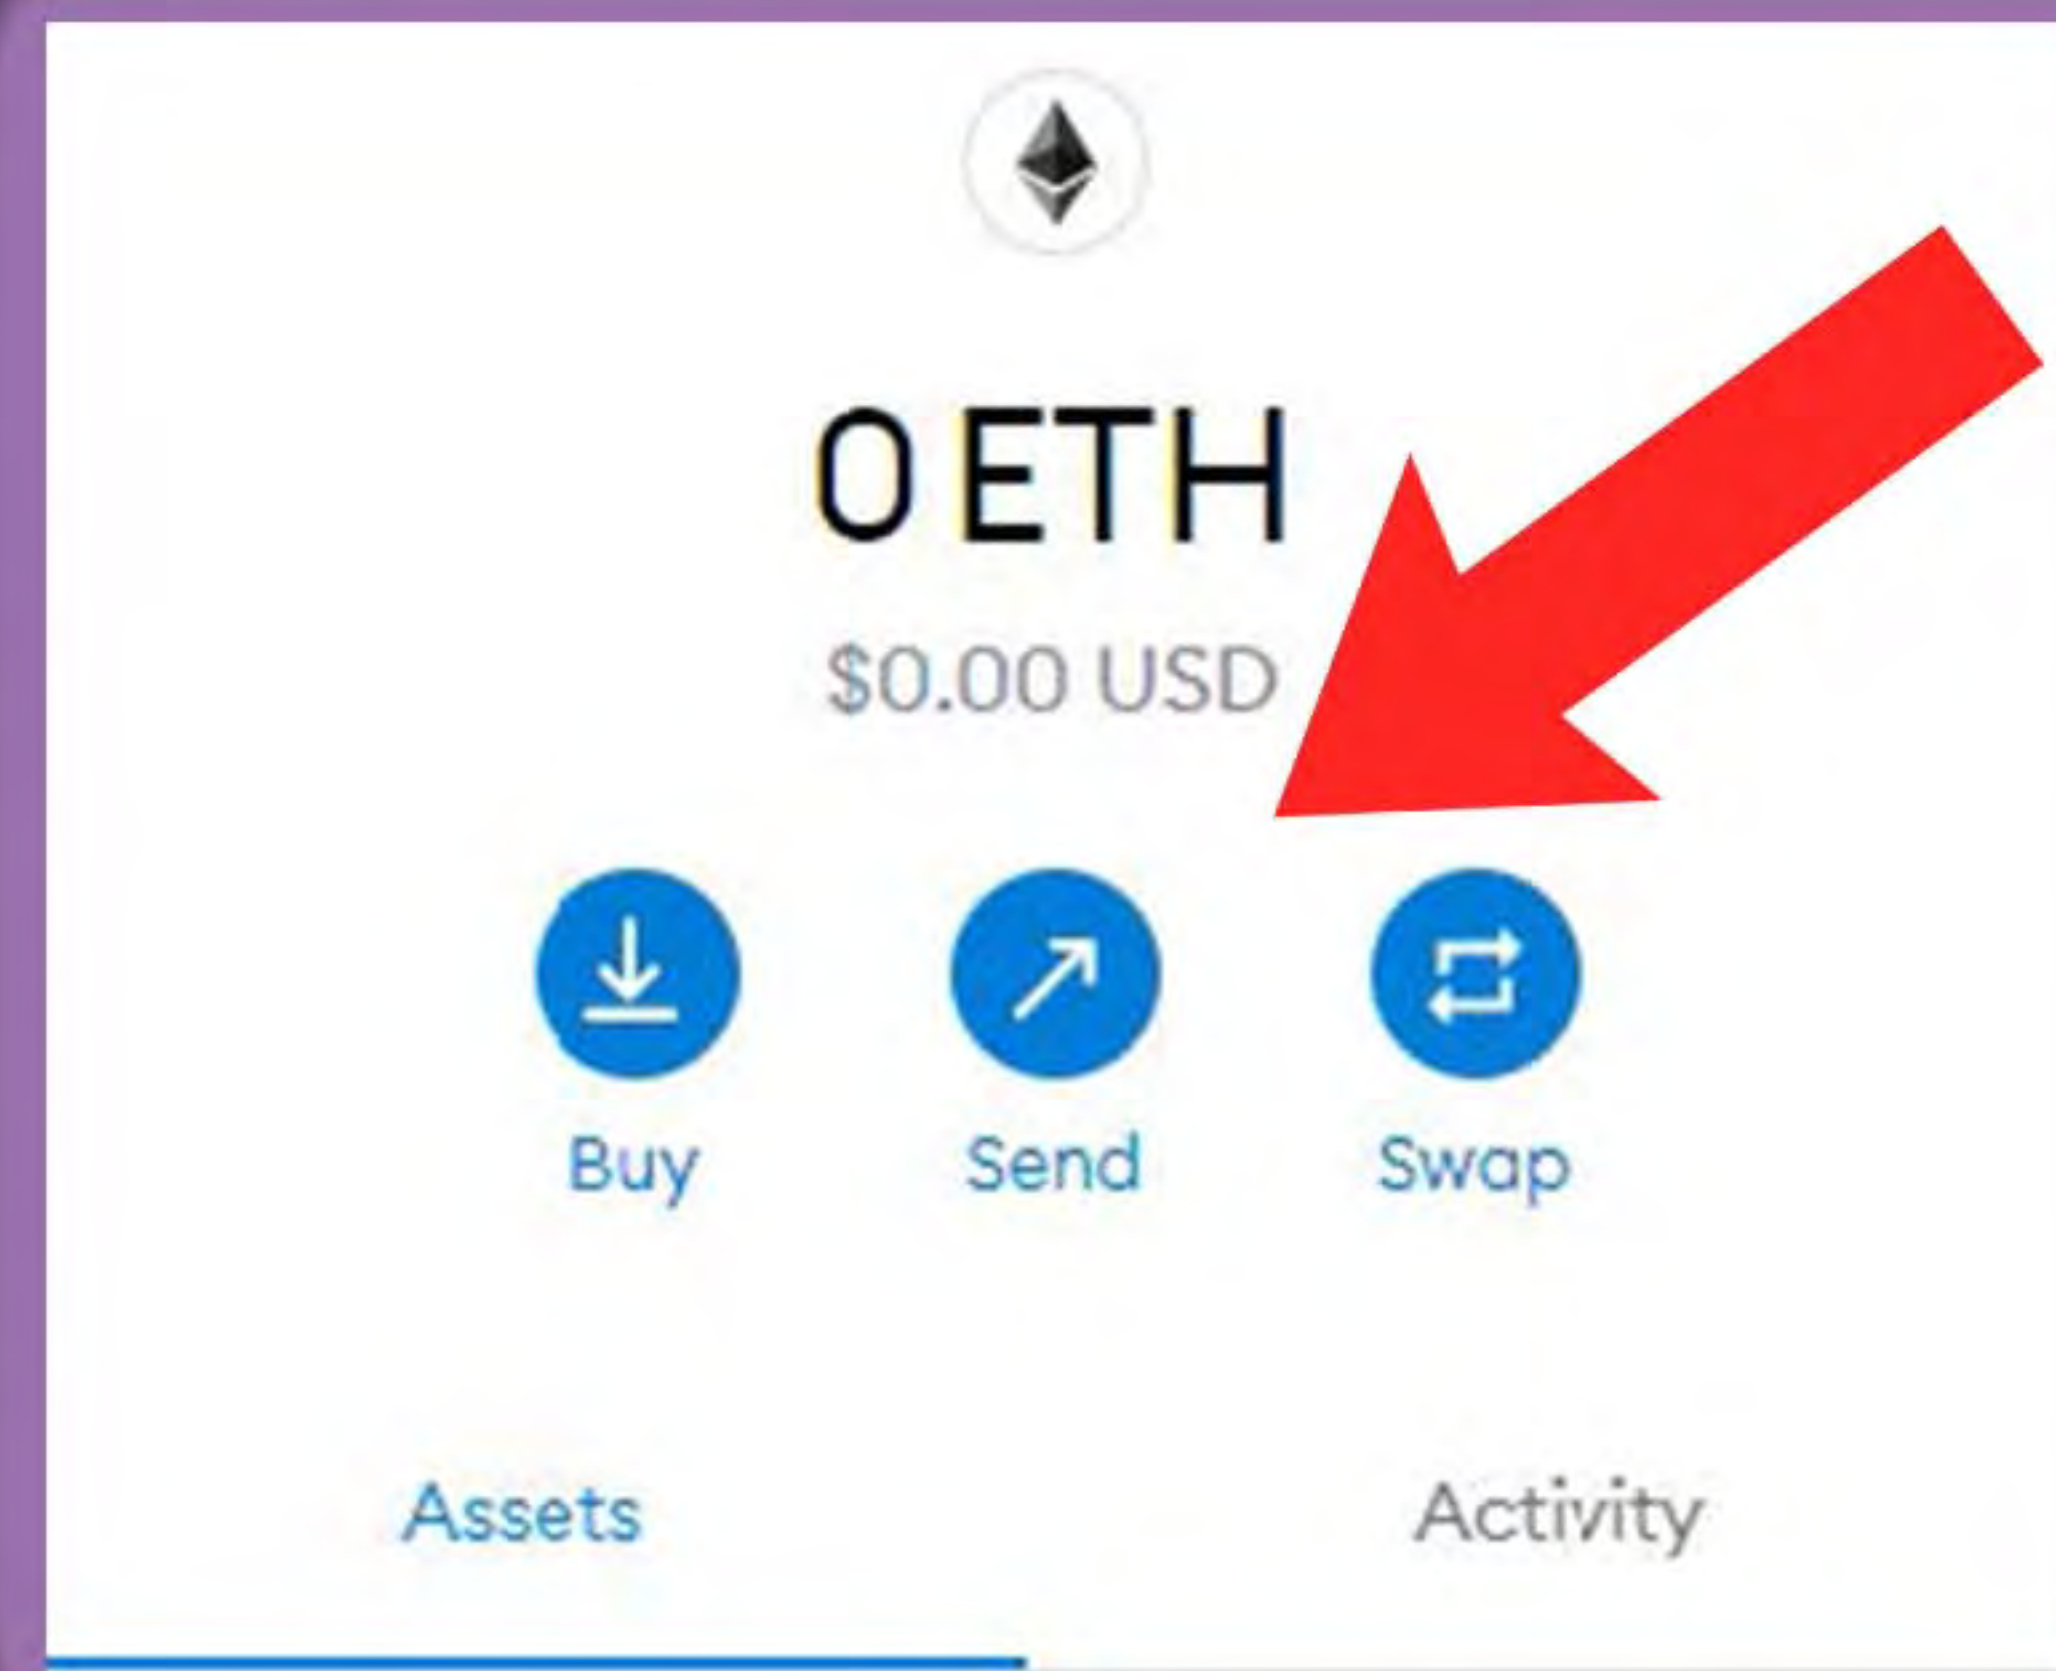

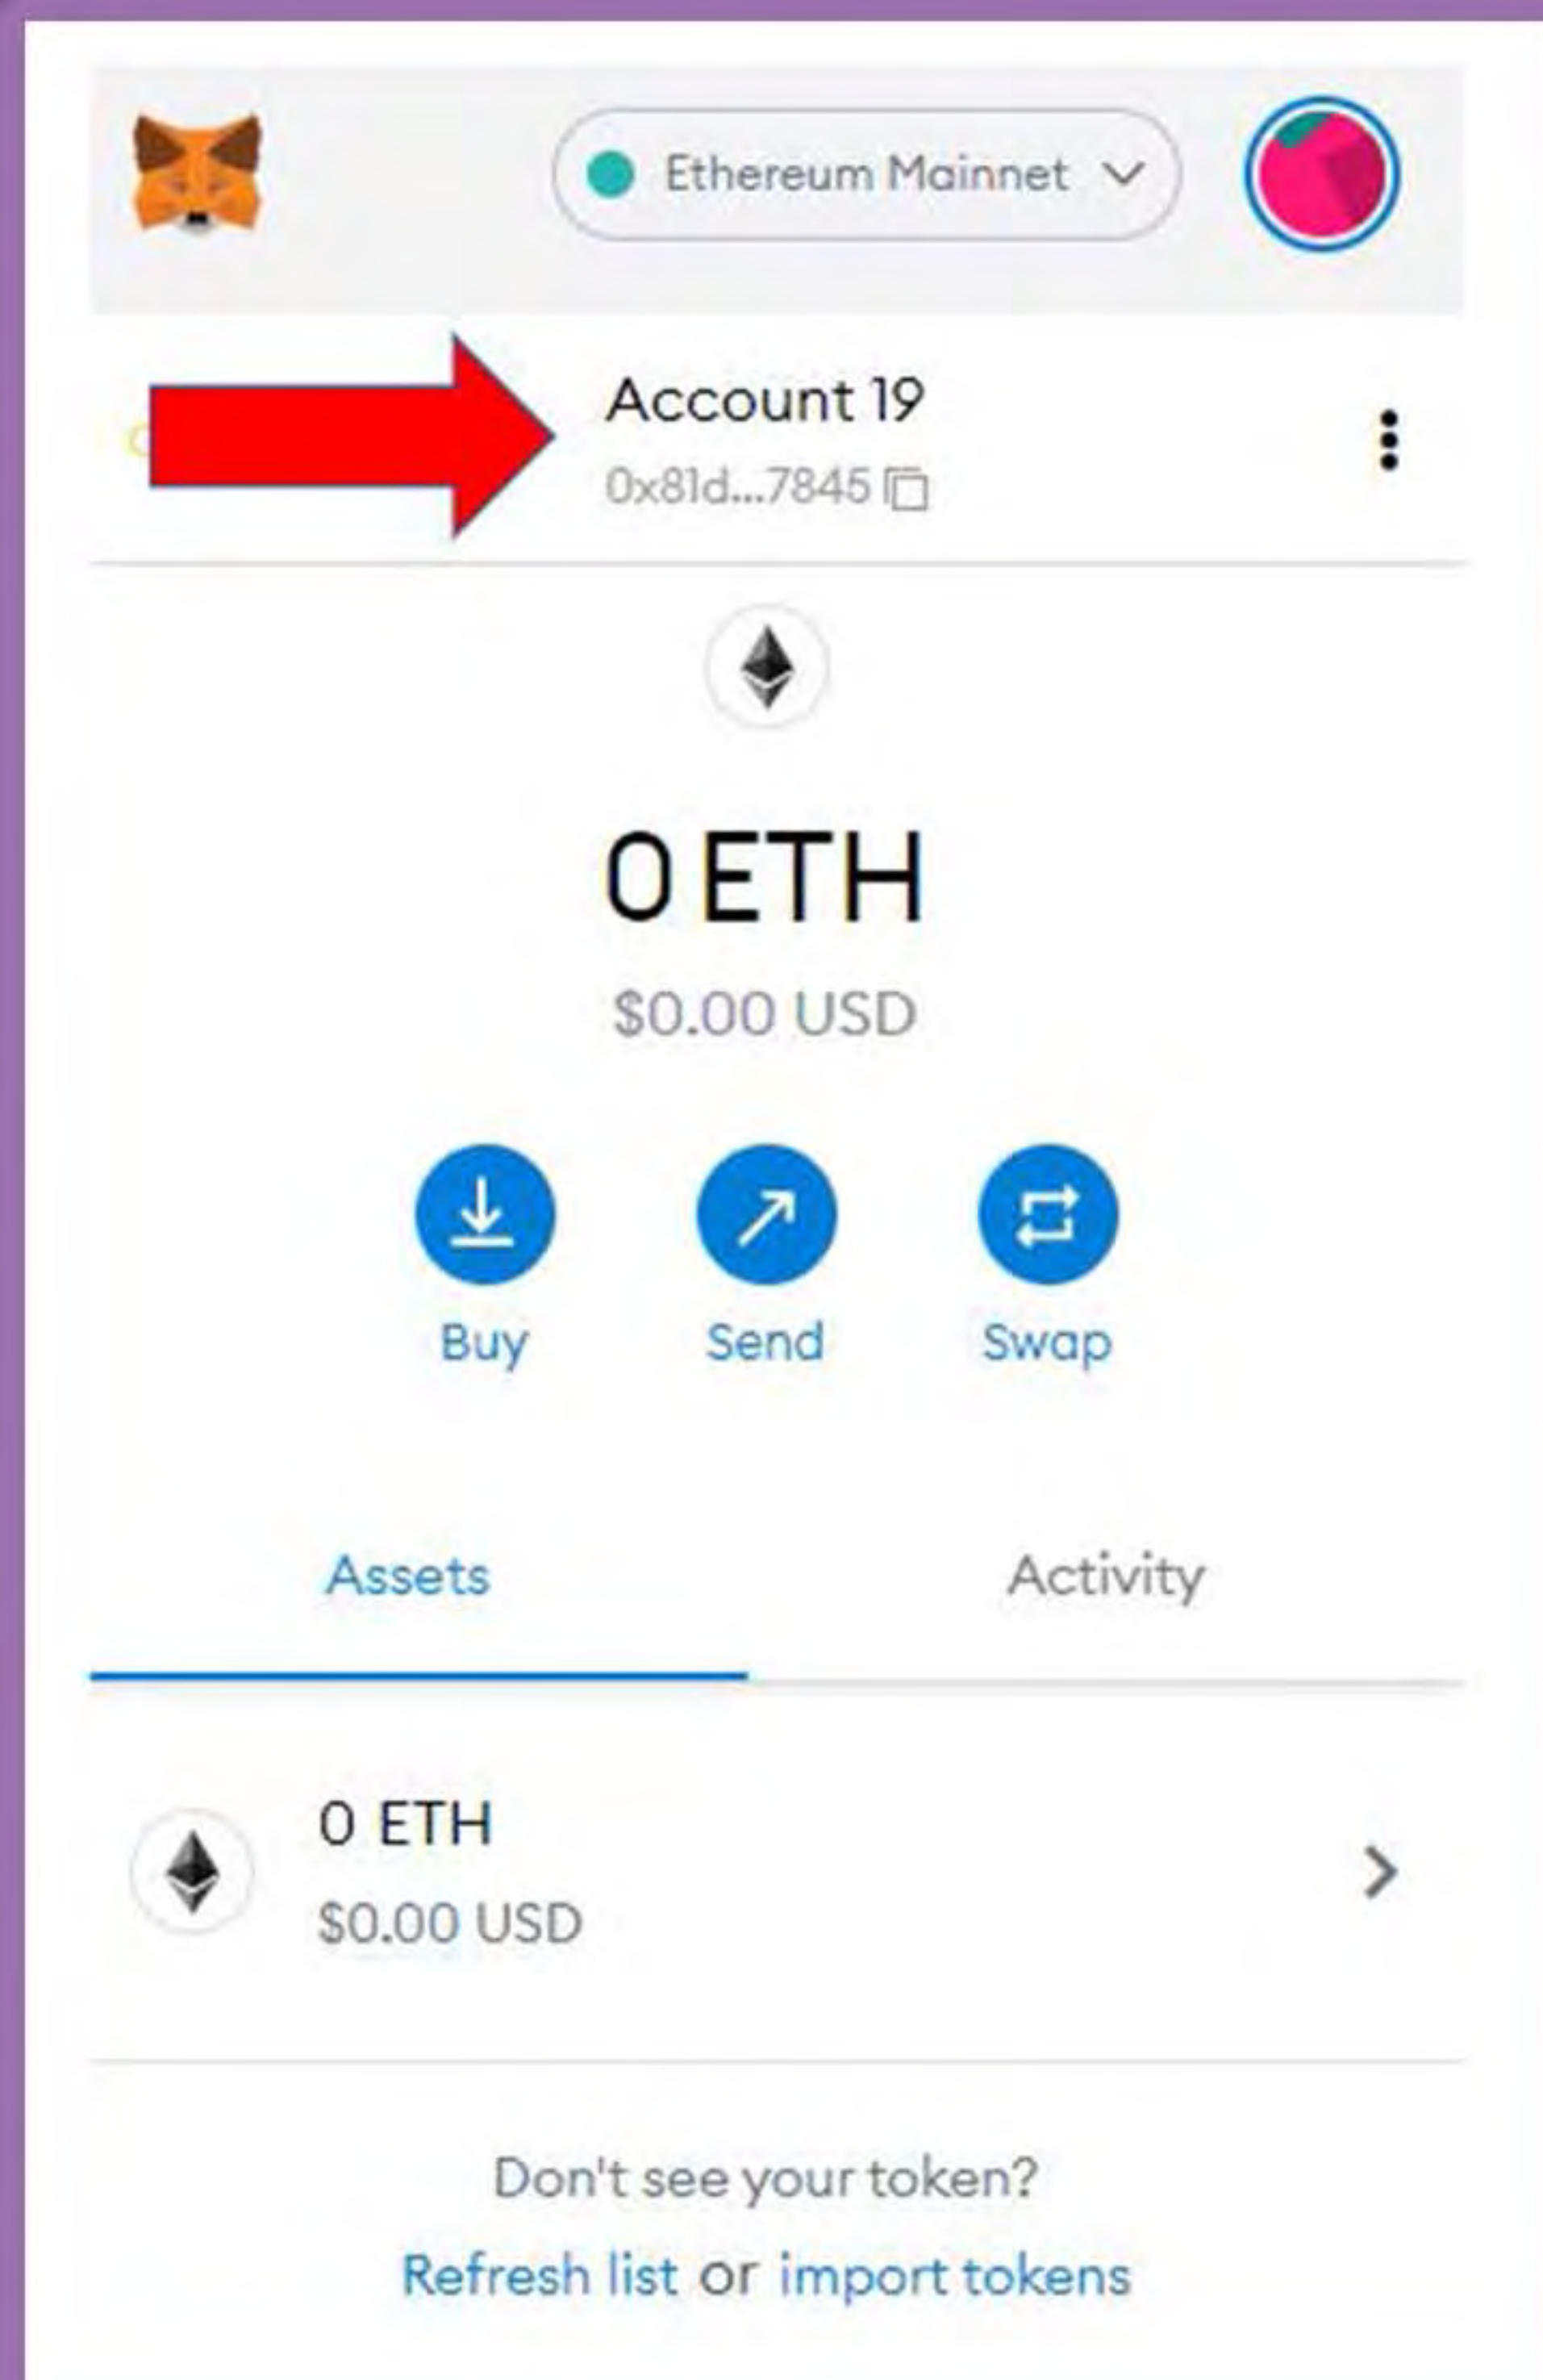

Click "Create Account"
and follow the directions

Get your new address
and send Ethereum from
your old wallet to your
new wallet to cover the
gas price and mint price
